VENTILATOR WEANING COMPLEX PULMONARY CARE

*Where specialized care begins
and hope never ends*

healthbridgecc.com

HealthBridge is a leading provider of complex rehabilitation and transitional care services for patients of all ages in a family-friendly environment. We are able to meet the needs of every resident we serve through 24/7 care, a superior collaborative treatment team, specialized equipment, and proven clinical and therapeutic protocols.

VENTILATOR WEANING PROGRAM

Within our post-acute care and rehabilitation program in Arlington Heights, IL, our specialized Pulmonary Care Program provides advanced clinical services to individuals suffering from injuries and diseases of the respiratory or pulmonary system, which includes the lungs, trachea, diaphragm, or other areas that impact breathing. This targeted field of care is especially significant since it can impact all other areas of the body. Our pulmonary treatment team is led by expert health professionals.

PATIENT CENTERED + PHYSICIAN DRIVEN + FAMILY FOCUSED

Ventilator care is combined with pulmonary rehab to help patients improve ability to function and quality of life. Our ultimate goal is to wean our patients off ventilator dependency so they may gain optimal independence and return to a more normal life.

DIAGNOSES SERVED

Patients that need ventilator support or pulmonary rehabilitation may include those suffering from:

- Respiratory failure
- Emphysema
- Cystic fibrosis
- Lung cancer
- Traumatic brain injury
- Collapsed lung or lung infection
- Stroke
- Pneumonia
- ALS
- Sepsis
- Chronic obstructive pulmonary disease (COPD)
- Asthma
- Chronic bronchitis

PULMONARY-RELATED SERVICES

At HealthBridge we utilize evidence-based treatments and therapies, including:

- Pulmonary function testing
