

Dr. Jane J. Hwang, M.D.

Board-certified Physiatrist

Dr. Hwang joined HealthBridge in June 2022 and is a seasoned healthcare professional associated with Community Physicians. Board certified in Physical Medicine & Rehabilitation, she received her medical degree from the St. Louis University School of Medicine. As a PM&R physician, Dr. Hwang specializes in helping patients with disabilities focusing on rehabilitation, restoration of function and a return to a high quality of life. She will provide expert diagnosis, evaluation and management of St. Louis patients in need of extensive post-acute rehabilitation.

Benefits of an in-house Physiatrist:

- ✓ Exclusively dedicated to rehabilitation, with the goal of improving quality of life and restoring everyday function
- ✓ Regularly scheduled patient visits
- ✓ Monitor any barriers to a safe discharge and ensure that the patient is ready to go home
- ✓ Focus on the functional side of rehabilitation and recovery by closely monitoring the patient as they progress through therapy
- ✓ Improve therapy outcomes by safely managing pain and medication
- ✓ Diagnose orthopedic and neuromuscular conditions and recommend treatment strategies
- ✓ Act as a liaison between the orthopedic surgeons, therapists, nurses, and patient
- ✓ Meet with family regarding their loved one's rehab process and what to expect after discharge, leading to increased patient and family satisfaction
